

## Spring Development Team

The Spring Development league is for HS players who are not currently playing on their high school baseball team. 2019 will be the 11<sup>th</sup> year for the program. Players will participate in a 10 week program working on different areas of baseball fundamentals in addition to playing games. Instruction will be from coaches with college and professional baseball experience. The workouts are primarily on Sundays, with the possibility of playing additional games during spring break. The cost of the 10-week program is \$700 due on Feb. 24 (full payment or deposit of half).

-Players will wear white pants, royal socks & belt and AZ Pro hat to all games (uniform is included in the team fee). Practice baseball dress should be worn on the days that we have workouts.

-Players must email, call or text if they are going to be absent from a scheduled workout (save my #).

-Please check the web site regularly for any changes/updates [www.azprocamps.com](http://www.azprocamps.com)

-Players are expected to show respect to: coaches, umpires, fans, opponents. Disrespect will not be tolerated. Lack of hustle and/or effort will also not be tolerated.

-Players must sign the injury waiver prior to the first workout. **Please make a copy of the player's insurance card and attach it for my files.**

-Players must have the team fee paid by Feb. 24. If the team fee cannot be paid in full by then due to financial reasons, half of the fee must be paid with the remainder due March 17th. Cash, check or online credit card payments are all acceptable. **Team fees are non-refundable.**

-This is a 10 week program with workouts/games every Sunday and Wednesday nights. You will get a weekly email with information on the time and location of the workout or game.

The goal of this program is to introduce you to fundamental skill development techniques that you can use to improve your game. We are teaching fundamentals applicable to little league through professional baseball. My personal goal is to see you grow as a baseball player. Your success becomes my success.
